

Be Happy Right Now

We convince ourselves that life will be better
after we get married,
have a baby, then another, get a new job, and
get a new house.
Then we are frustrated that the kids aren't old
enough
and we'll be more content when they are.

The truth is, there's no better time to be happy
than
right now! If not now, when?

Your life will always be filled with challenges.
It's best to admit this to yourself and decide to
be happy anyway.

Happiness is the way.

So, treasure every moment that you have and
treasure it more because you shared it with
someone special,
special enough to spend your time with...
And remember that time waits for no one!

So, stop waiting...
...until your car or home is paid off
...until you get a new car or a new job

...until you go back to school
...until you lose ten pounds
...until you gain ten pounds
...until you finish school
...until you get married
...until you get a divorce
...until you have kids
...until your kids leave the house
...until you retire
...until summer
...until fall
...until winter
...until spring
...until you die!

There is no better time than right now to be
happy...
